## **DETAILED ACTION**

### ***Election/Restriction***

1. Applicant's election without traverse of the first species, drawn to claims 1, 6, 14, and 18, in Paper No. 6 is acknowledged.

2. Claims 2 through 5, 7 through 13, 15 through 17, and 19 are hereby withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to the nonelected species, there being no allowable generic or linking claim. Election was made without traverse in Paper No. 6.

### ***Priority***

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Specification***

4. The abstract of the disclosure is objected to because at least the first sentence thereof is written in the form of a claim and does not avoid typical claim language (i.e., "comprises"). Correction is required. See MPEP § 608.01(b).

### ***Claim Objections***

5. Claims 14 and 18 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or

Art Unit: 3743

rewrite the claim(s) in independent form. Each of claims 14 and 18 appears to be drawn to the combination of a motor vehicle and the inventive front unit, and thus expands instead of limiting the subject matter of a previous claim.

***Claim Rejections - 35 U.S.C. § 112***

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claims 1, 6, 14, and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and contain with grammatical and idiomatic errors.

***Claim Rejections - 35 U.S.C. § 102***

8. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

9. As best can be understood in view of the indefiniteness of the claims, claims 1, 6, 14, and 18 are rejected under 35 U.S.C. 102(b) as being anticipated by *Valeo Vision (FR 2,779,804, of record)*.

Art Unit: 3743

*Valeo Vision* [especially Figures 3 and 4] discloses a vehicular front unit cooled headlight essentially as claimed, including, for example: an optical unit casing 10 provided with an inlet opening 11 and an outlet opening 89; a heat exchanger 80; a fan 62; and, a duct 88.

The reference thus reads on the claims.

***Conclusion***

10. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. *Spada* discloses a vehicular front unit headlight assembly including cooling.
